

S&E Project Presentations Bingo

Sidereal time in p5.js	At least 5 S&E; alums come back	Daivik shows contour lines for Bariso Barnegat Bay	The projector wire messes up	Someone overstates their progress
Questioning goes on for more than 3 minutes	Chromebook for presenting dies	Clashing colors on the slides	Ballista works	Someone asks a question that was already answered
Someone asks Dev to explain a graph	Freshman gets caught on their phone	FREE	Ballista misfires	Sharone explains a REST API
Someone falls asleep	Connor asks Grace about the road	5 slides of goals	Parent goes up to the front to take pictures	Daivik mentions the flight simulator
Dia shows the alginate patch origami	Unreadable text	Matplotlib mentioned	Someone creates a feedback loop on the mic	Someone says "And things like that."

S&E Project Presentations Bingo

Connor asks Grace about the road	Someone asks to explain sidereal time	Sharone explains a REST API	Unreadable text	Chromebook for presenting dies
Over 40 ums, likes, or so's in one presentation	Someone asks Edmund if he used a laser cutter	Someone falls asleep	Dev explains confluences	Timur AND Sameera answer questions
Sidereal time in p5.js	Forgot to charge their Chromebook	FREE	Questioning goes on for more than 3 minutes	Mispronounce an easy word
Anderson yells at sophomores	Monmouth County Correctional Institute mentioned	Daivik mentions the flight simulator	Someone asked Vijita about the client	Someone ignores warnings about time
Acronym is given but undefined	Vasu motions for his partners to hurry up	Rika explains how to measure Slack productivity	Someone creates a feedback loop on the mic	Adversarial questioning

S&E Project Presentations Bingo

Ballista misfires	Matplotlib mentioned	Forgot to charge their Chromebook	Monmouth County Correctional Institute mentioned	Load cell explained
Hydroponics video demo	Chromebook for presenting dies	Mispronounce an easy word	Someone goes over their time by a minute	Dia shows the alginate patch origami
At least 5 S&E; alums come back	Levin yells at juniors	FREE	The projector wire messes up	A new Kevin's Sister emerges
Someone forgot to put their slides in the folder	Jophy says "kinda" over 10 times	Dev explains confluences	Someone says "And things like that."	Anderson yells at sophomores
Connor explains why SARIMA > BLS	Someone ignores warnings about time	Miguel's presentation is under 3:30	Freshman gets caught on their phone	Someone presents in casual clothes

S&E Project Presentations Bingo

Someone presents in casual clothes	Chromebook for presenting dies	Monmouth County Correctional Institute mentioned	Jason says "that's a problem for future Jason"	Levin yells at juniors
Daivik shows contour lines for Bariso Barnegat Bay	Matplotlib mentioned	Sharone explains a REST API	Vasu motions for his partners to hurry up	Load cell explained
5 slides of goals	Someone overstates their progress	FREE	The projector wire messes up	At least 5 S&E; alums come back
Forgot to charge their Chromebook	Dev explains confluences	Freshman gets caught on their phone	Parent goes up to the front to take pictures	Acronym is given but undefined
Sidereal time in p5.js	Over 40 ums, likes, or so's in one presentation	Someone's video isn't working	Someone falls asleep	Someone asks to explain sidereal time

S&E Project Presentations Bingo

Load cell explained	Adversarial questioning	Connor asks Grace about the road	Over 40 ums, likes, or so's in one presentation	Someone presents in casual clothes
5 slides of goals	Ballista works	Sharone explains a REST API	Chromebook for presenting dies	Unreadable text
Dia shows the alginate patch origami	Someone's video isn't working	FREE	Connor explains why SARIMA > BLS	Mispronounce an easy word
Someone ignores warnings about time	Jophy says "kinda" over 10 times	Miguel's presentation is under 3:30	Someone asks to explain sidereal time	Presenter is startled by the bell
Someone falls asleep	Someone asks a question that was already answered	Vasu motions for his partners to hurry up	Someone goes over their time by a minute	Jason says "that's a problem for future Jason"

S&E Project Presentations Bingo

Someone forgot to put their slides in the folder	At least 5 S&E; alums come back	Clashing colors on the slides	Matplotlib mentioned	Freshman gets caught on their phone
Daivik shows contour lines for Bariso Barneget Bay	Forgot to charge their Chromebook	Acronym is given but undefined	Unreadable text	Hydroponics video demo
Jason says "that's a problem for future Jason"	Someone ignores warnings about time	FREE	Ballista works	Questioning goes on for more than 3 minutes
Dia shows the alginate patch origami	Timur AND Sameera answer questions	Load cell explained	Someone creates a feedback loop on the mic	Dev explains confluences
Someone asks to explain sidereal time	Someone asks a question that was already answered	Connor asks Grace about the road	Connor explains why SARIMA > BLS	Someone presents in casual clothes

S&E Project Presentations Bingo

Ballista misfires	Rika explains how to measure Slack productivity	Someone asked Vijita about the client	Miguel's presentation is under 3:30	Jophy says "kinda" over 10 times
Ballista works	Someone overstates their progress	Someone asks to explain sidereal time	A new Kevin's Sister emerges	Someone asks Dev to explain a graph
Sidereal time in p5.js	Adversarial questioning	FREE	Dev explains confluences	The projector wire messes up
Freshman gets caught on their phone	Over 40 ums, likes, or so's in one presentation	Levin yells at juniors	Someone says "And things like that."	Sharone explains a REST API
Mispronounce an easy word	Presenter is startled by the bell	Someone says "long-term goal" after their project ends	Connor asks Grace about the road	At least 5 S&E; alums come back

S&E Project Presentations Bingo

Someone presents in casual clothes	6 7 is mentioned	Daivik mentions the flight simulator	Over 40 ums, likes, or so's in one presentation	Anderson yells at sophomores
Jophy says "kinda" over 10 times	Sidereal time in p5.js	Clashing colors on the slides	Someone asks Dev to explain a graph	Dev explains confluences
Matplotlib mentioned	Unreadable text	FREE	The projector wire messes up	Someone creates a feedback loop on the mic
Ballista misfires	Hydroponics video demo	Someone's video isn't working	5 slides of goals	Someone falls asleep
Timur AND Sameera answer questions	Someone asks a question that was already answered	Ballista works	Daivik shows contour lines for Bariso Barnegat Bay	A new Kevin's Sister emerges

Timur AND Sameera answer questions	5 slides of goals	Acronym is given but undefined	Someone asks Dev to explain a graph	Dev explains confluences
Forgot to charge their Chromebook	Someone asked Vijita about the client	Someone asks Edmund if he used a laser cutter	Someone asks to explain sidereal time	Jophy says "kinda" over 10 times
Monmouth County Correctional Institute mentioned	Connor explains why SARIMA > BLS	FREE	Someone forgot to put their slides in the folder	Ballista works
Someone presents in casual clothes	Over 40 ums, likes, or so's in one presentation	Someone asks a question that was already answered	Sidereal time in p5.js	Parent goes up to the front to take pictures
A new Kevin's Sister emerges	Sharone explains a REST API	Daivik mentions the flight simulator	Someone's video isn't working	The projector wire messes up

S&E Project Presentations Bingo

Questioning goes on for more than 3 minutes	Someone goes over their time by a minute	Connor explains why SARIMA > BLS	The projector wire messes up	Someone forgot to put their slides in the folder
Someone asks Edmund if he used a laser cutter	Chromebook for presenting dies	Someone asked Vijita about the client	Someone presents in casual clothes	Over 40 ums, likes, or so's in one presentation
Forgets to hand off the microphone	Presenter is startled by the bell	FREE	Levin yells at juniors	Parent goes up to the front to take pictures
At least 5 S&E; alums come back	Matplotlib mentioned	Someone says "long-term goal" after their project ends	Someone asks to explain sidereal time	Someone asks Dev to explain a graph
Miguel's presentation is under 3:30	Someone overstates their progress	Load cell explained	A new Kevin's Sister emerges	Anderson yells at sophomores

S&E Project Presentations Bingo

Rika explains how to measure Slack productivity	Freshman gets caught on their phone	Parent goes up to the front to take pictures	Anderson yells at sophomores	Someone asks a question that was already answered
A new Kevin's Sister emerges	Someone falls asleep	Ballista misfires	Over 40 ums, likes, or so's in one presentation	5 slides of goals
6 7 is mentioned	Someone overstates their progress	FREE	Someone creates a feedback loop on the mic	Someone asked Vijita about the client
Someone asks to explain sidereal time	Someone asks Edmund if he used a laser cutter	Daivik mentions the flight simulator	Mispronounce an easy word	Matplotlib mentioned
Adversarial questioning	Timur AND Sameera answer questions	Clashing colors on the slides	Monmouth County Correctional Institute mentioned	Someone's video isn't working

S&E Project Presentations Bingo

Someone falls asleep	Connor asks Grace about the road	Someone presents in casual clothes	Someone says "long-term goal" after their project ends	Someone asks Dev to explain a graph
Ballista misfires	Over 40 ums, likes, or so's in one presentation	Hydroponics video demo	Dev explains confluences	The projector wire messes up
At least 5 S&E; alums come back	Clashing colors on the slides	FREE	Someone forgot to put their slides in the folder	Parent goes up to the front to take pictures
Matplotlib mentioned	Acronym is given but undefined	Jason says "that's a problem for future Jason"	Rika explains how to measure Slack productivity	Someone goes over their time by a minute
Someone says "And things like that."	Mispronounce an easy word	Ballista works	6 7 is mentioned	Someone creates a feedback loop on the mic

S&E Project Presentations Bingo

Sidereal time in p5.js	6 7 is mentioned	Matplotlib mentioned	Someone asks a question that was already answered	Ballista misfires
Levin yells at juniors	Parent goes up to the front to take pictures	Daivik mentions the flight simulator	Acronym is given but undefined	Vasu motions for his partners to hurry up
Questioning goes on for more than 3 minutes	Mispronounce an easy word	FREE	A new Kevin's Sister emerges	Freshman gets caught on their phone
Hydroponics video demo	Someone asks Dev to explain a graph	Someone overstates their progress	Presenter is startled by the bell	Clashing colors on the slides
Timur AND Sameera answer questions	Chromebook for presenting dies	Unreadable text	Someone asks to explain sidereal time	Someone asked Vijita about the client

S&E Project Presentations Bingo

Someone creates a feedback loop on the mic	Chromebook for presenting dies	Connor explains why SARIMA > BLS	Someone asks Dev to explain a graph	Dia shows the alginate patch origami
Someone ignores warnings about time	Someone falls asleep	A new Kevin's Sister emerges	Connor asks Grace about the road	Someone goes over their time by a minute
Someone overstates their progress	Unreadable text	FREE	5 slides of goals	Someone says "And things like that."
Questioning goes on for more than 3 minutes	Ballista works	Rika explains how to measure Slack productivity	Parent goes up to the front to take pictures	Vasu motions for his partners to hurry up
Forgets to hand off the microphone	Daivik shows contour lines for Bariso Barnegat Bay	Presenter is startled by the bell	Someone asks to explain sidereal time	Mispronounce an easy word

S&E Project Presentations Bingo

Connor asks Grace about the road	Mispronounce an easy word	Daivik shows contour lines for Bariso Barnegat Bay	Someone asked Vijita about the client	Someone forgot to put their slides in the folder
Anderson yells at sophomores	Rika explains how to measure Slack productivity	Matplotlib mentioned	Forgets to hand off the microphone	Load cell explained
Dev explains confluences	A new Kevin's Sister emerges	FREE	Acronym is given but undefined	At least 5 S&E; alums come back
5 slides of goals	Clashing colors on the slides	Someone asks Edmund if he used a laser cutter	Hydroponics video demo	Someone says "long-term goal" after their project ends
Someone asks a question that was already answered	Dia shows the alginate patch origami	Someone says "And things like that."	Presenter is startled by the bell	Freshman gets caught on their phone

S&E Project Presentations Bingo

Parent goes up to the front to take pictures	Connor explains why SARIMA > BLS	At least 5 S&E; alums come back	Ballista misfires	Sharone explains a REST API
Jophy says "kinda" over 10 times	The projector wire messes up	Unreadable text	Over 40 ums, likes, or so's in one presentation	5 slides of goals
Load cell explained	Vasu motions for his partners to hurry up	FREE	Someone asks Edmund if he used a laser cutter	Someone presents in casual clothes
Someone asks Dev to explain a graph	Jason says "that's a problem for future Jason"	Someone asks a question that was already answered	Anderson yells at sophomores	Someone ignores warnings about time
Someone creates a feedback loop on the mic	Presenter is startled by the bell	6 7 is mentioned	Mispronounce an easy word	Someone can't answer a question they should know

S&E Project Presentations Bingo

Jophy says "kinda" over 10 times	Unreadable text	Rika explains how to measure Slack productivity	Dia shows the alginate patch origami	Sharone explains a REST API
6 7 is mentioned	Someone asks a question that was already answered	Connor explains why SARIMA > BLS	Adversarial questioning	Daivik shows contour lines for Bariso Barnegat Bay
Load cell explained	Presenter is startled by the bell	FREE	Clashing colors on the slides	Someone creates a feedback loop on the mic
Questioning goes on for more than 3 minutes	Miguel's presentation is under 3:30	Someone overstates their progress	Acronym is given but undefined	Someone says "long-term goal" after their project ends
